8.2 URB24-2019 Demande de modification au Règlement de zonage 2009-50

Mme Guylain Poirier, administratrice du zonage, présente son rapport.

Résolution 2019-412

Proposée par: René Beaulne

Appuyée par: Ian Walker

QU'IL SOIT RÉSOLU que le Conseil municipal approuve la demande de modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet, dossier ZON-1-2019, soumise par Monsieur Luc Desormeaux, représentant pour la compagnie Evergreen Camping & Resort Ltd., affectant la

propriété située au sud du 5279 chemin de Comté No. 17 à Alfred, du côté nord de la Concession 7 – Alfred, décrite comme étant une partie du Lot 3, Concession 6 de l'ancien Canton d'Alfred. Elle a pour but de changer la catégorie de zonage d'une partie de la propriété de la zone «Rurale (RU)» à la zone «Commerce Rural – Exception 5 (C4-5)». La catégorie de zonage «C4-5» permettra seulement un terrain de camping et des usages reliés sur la propriété. Elle permettra l'agrandissement du terrain de camping connu sous le nom de Evergreen Camping & Resort Ltd. Le développement proposé aura une superficie de 6.8 hectares sur lesquels 64 nouveaux sites de camping saisonniers seront développés.

CORPORATION DU CANTON D'ALFRED ET PLANTAGENET

RAPPORT DU SERVICE DE L'URBANISME

Demande de modification au Règlement de zonage No. 2009-50
du Canton d'Alfred et Plantagenet
par Marco Tascona

RAPPORT NO.: URB-25-2019 **DATE: le 3 septembre 2019**

INTRODUCTION

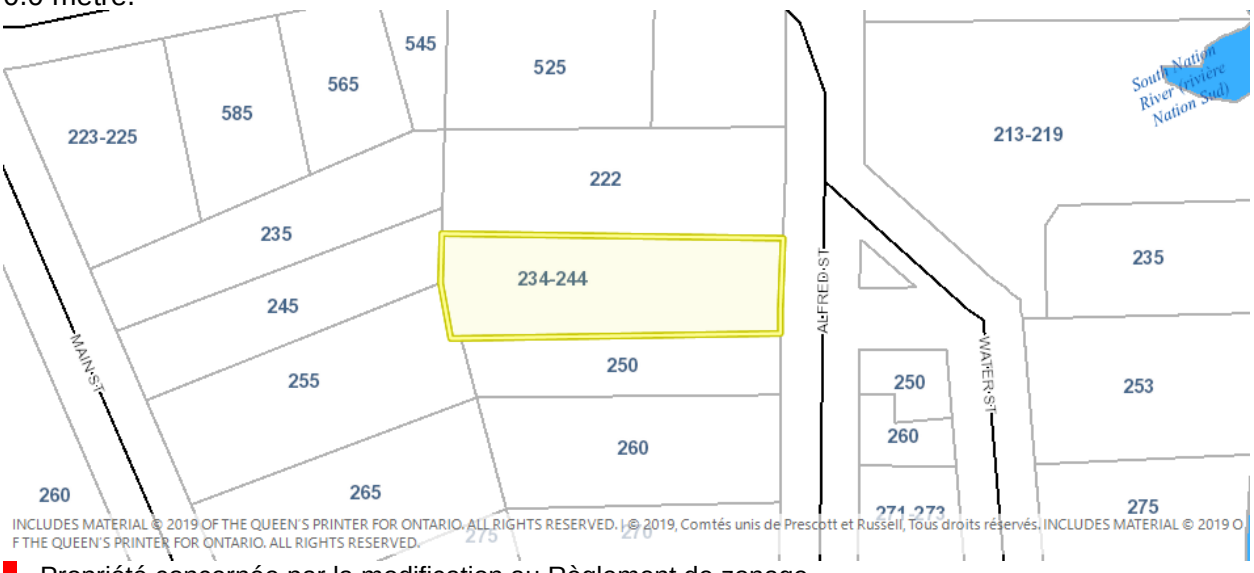

Ce rapport consiste à présenter une demande de modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet soumise par Monsieur Paul Black, urbaniste pour la firme Fotenn Planning + Design et agent pour le propriétaire, Monsieur Marco Tascona.

La propriété concernée par cet amendement fait l'objet d'une demande d'approbation d'un plan d'implantation.

NATURE DE LA DEMANDE

La demande de modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet, dossier ZON-7-2019, affecte la propriété située au 234-244 rue Alfred à Plantagenet, décrite comme étant une partie du Lot 5 du côté est de la rue Main et une partie des Lots 4 et 5 du côté ouest de la rue Alfred, Plan enregistré No. 6 de l'ancien Village de Plantagenet.

La modification au Règlement de zonage a pour but de changer la catégorie de zonage de la propriété, identifiée sur le croquis ci-bas, de la zone «Résidentielle de Moyenne Densité (R2)» à la zone «Résidentielle de Forte Densité – Exception 24 (R3-24)». La catégorie de zonage «R3-24» permettra de légitimer un immeuble de 9 appartements sur la propriété. La modification permettra également la réduction de la façade minimum requise du lot de 30.0 mètres à 20.0 mètres, la marge de recul minimum requise pour la cour avant de 7.5 mètres à 0.0 mètre et la marge de recul minimum requise pour la cour latérale intérieure nord de 3.0 mètres à 0.0 mètre.

Propriété concernée par la modification au Règlement de zonage

CONTEXTE LÉGAL

DÉCLARATION DE PRINCIPES PROVINCIALE 2014 (DPP)

Ce document stipule ce qui suit :

1.1 Gestion et orientation de l'utilisation du sol en vue d'assurer des formes efficientes et résilientes d'aménagement et d'utilisation du sol

1.1.1 Pour assurer l'existence de collectivités saines et sûres, où il fait bon vivre, il faut :

a) Encourager des formes efficientes d'aménagement et d'utilisation du sol qui soutiennent à long terme la vitalité financière de la province et des municipalités;

b) Permettre un éventail et une diversité appropriés d'utilisations à des fins résidentielles (p. ex., deuxièmes unités d'habitation, logements abordables, logements pour personnes âgées), d'emploi (notamment industriels et commerciaux), institutionnelles (p. ex., lieux de culte, cimetières, foyers de soins de longue durée), de loisirs, d'espaces verts et de plein air et autres pour répondre aux besoins à long terme;

e) encourager des formes et des normes d'aménagement rentables qui réduisent au minimum l'utilisation des terres et les coûts de viabilisation;

g) faire en sorte que l'infrastructure, les installations de production et systèmes de transmission et de distribution d'électricité et les installations de services publics nécessaires sont ou seront disponibles pour répondre aux besoins actuels et prévus;

1.1.3 Zones de peuplement

1.1.3.2 Les formes d'utilisations du sol dans les zones de peuplement sont fondées sur ce qui suit :

a) des densités et une diversité d'utilisations du sol qui :

1. utilisent de façon efficiente les terres et les ressources;

2. conviennent à l'infrastructure et aux installations de services publics prévues ou existantes, les utilisent de façon efficiente, et évitent la nécessité de leur expansion injustifiée ou coûteuse;

4. soutiennent le transport actif;

1.1.3.4 Il faut favoriser des normes d'aménagement appropriées facilitant la densification, le réaménagement et l'aménagement compact, tout en prévenant ou atténuant les risques en matière de santé et de sécurité publiques.

1.1.3.6 Les nouveaux aménagements dans les zones de croissance désignées doivent avoir lieu dans les secteurs adjacents à la zone bâtie existante, être compacts et offrir une diversité d'utilisations et de densités qui permettent une utilisation efficace des terres, de l'infrastructure et des installations de services publics.

1.4 Logement

1.4.3 Les offices d'aménagement fournissent une diversité et un éventail appropriés de types de logement et de densités afin de répondre aux besoins des résidents actuels et futurs de la zone de marché régionale de la façon suivante :

c) en orientant l'aménagement de nouveaux logements vers les endroits où des niveaux appropriés d'infrastructure et d'installations de services publics sont ou seront disponibles pour répondre aux besoins actuels et futurs;

d) en encourageant, pour les nouveaux logements, des densités qui utilisent efficacement les terres, les ressources, l'infrastructure et les installations de services publics, et qui appuient l'utilisation du transport actif et du transport en commun dans les zones où ils sont offerts ou doivent être implantés;

1.6.6 Égout, approvisionnement en eau et eaux pluviales

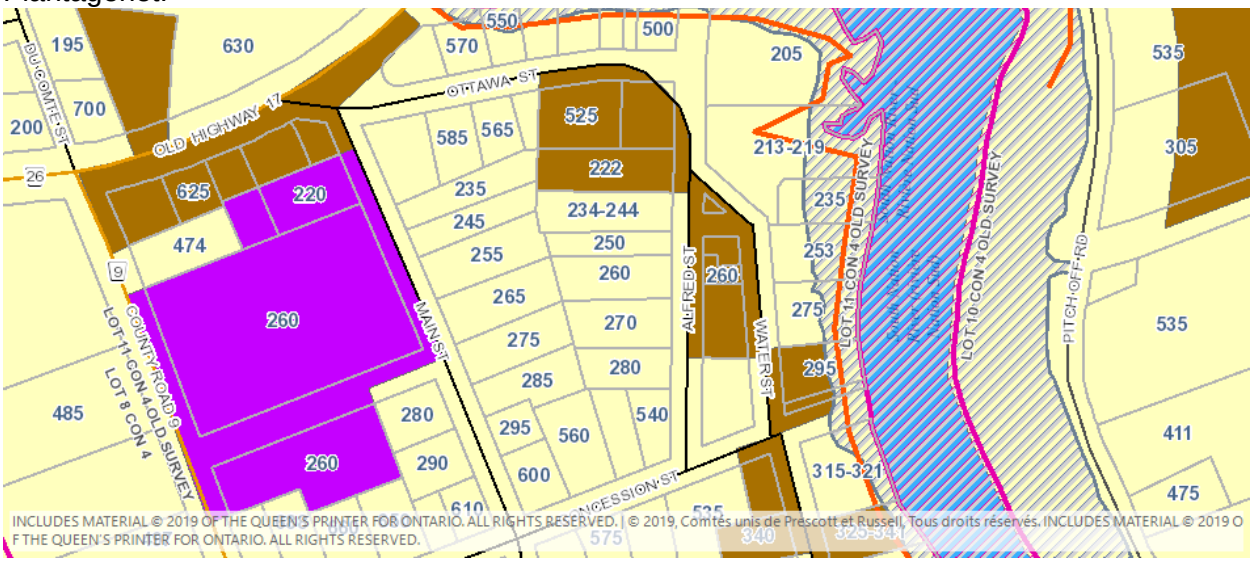

1.6.6.2 Les services d'égout municipaux et les services d'approvisionnement en eau municipaux constituent la méthode privilégiée pour viabiliser les zones de peuplement. Dans la mesure du possible, il faut encourager dans les zones de peuplement la densification et le réaménagement basés sur les services d'égout municipaux et les services d'approvisionnement en eau municipaux existants.

PLAN OFFICIEL DES COMTÉS UNIS DE PRESCOTT ET RUSSELL – 2015

La propriété sujette à la demande de modification est inscrite sous l'affectation «Secteur des Politiques Urbaines» à l'annexe «A» du Plan officiel des Comtés unis.

PLAN OFFICIEL DES AIRES URBAINES DU CANTON D'ALFRED ET PLANTAGENET

La propriété en question est actuellement inscrite sous l'affectation «Secteur des Politiques Résidentielles» à l'annexe «B» du Plan officiel des aires urbaines du Canton d'Alfred et Plantagenet.

Extrait de l'annexe «B» du Plan officiel des aires urbaines du Canton d'Alfred et Plantagenet

Le Plan officiel stipule ce qui suit :

2. Collectivité durable

2.1.7 Objectifs

Le Conseil cherche à réaliser les objectifs suivants en mettant en œuvre les politiques sur les collectivités durables qui sont énoncées dans le présent plan.

1. *Nous renforcerons notre collectivité en dirigeant une partie de la nouvelle croissance vers les zones bâties, au moyen de la densification.*
2. *Nous encouragerons l'aménagement résidentiel dans la zone bâtie.*
3. *Nous renforcerons notre collectivité en dirigeant la croissance et le développement vers les secteurs où des infrastructures hydrauliques et d'égout existent déjà ou sont prévues.*
4. *Nous renforcerons notre collectivité en appuyant le développement d'aménagements compacts, à usage mixte, à forte densité d'emploi et à forte densité résidentielle.*
5. *Nous renforcerons notre collectivité en réduisant la dépendance vis-à-vis de l'automobile, par l'aménagement d'environnements à usage mixte et conviviaux pour les piétons.*
9. *La priorité sera accordée à la croissance et au développement qui peuvent avoir lieu dans le cadre des infrastructures hydrauliques, d'égout et d'élimination des déchets qui existent déjà.*

2.2 Secteur des politiques résidentielles

2.2.1 Toile de fond

Pour répondre aux besoins d'une augmentation de la population projetée d'environ 2190 habitants d'ici 2031, il est prévu qu'Alfred, Plantagenet et Wendover auront besoin d'approximativement 842 unités d'habitation.

Le réaménagement devrait être encouragé au moyen de politiques d'aménagement intercalaire et de densification pour mettre en valeur la zone bâtie – le secteur centre-ville avant tout – et minimiser l'empreinte urbaine.

2.2.4 Objectifs résidentiels

Les objectifs suivants du Conseil s'appliquent à l'aménagement résidentiel dans le secteur des politiques résidentielles :

2. *Fournir une vaste gamme de types de logement afin de répondre aux besoins d'une population croissante;*
3. *Prévoir une gamme et une combinaison de types de logement à faible densité, à densité moyenne et à densité élevée;*
4. *Créer un caractère communautaire unique en portant une attention particulière à divers aspects tels que la forme bâtie, les paysages, le patrimoine, la conception, la combinaison d'usages et les services;*
5. *Chercher à obtenir un environnement urbain plus restreint et dense;*
6. *Favoriser la densification compatible (aménagement intercalaire, réaménagement);*
7. *Soutenir la croissance par aménagement intercalaire :*

a) *En favorisant une combinaison de types de logement et de modes d'occupation pour répondre à divers besoins (revenue et capacités), styles de vie (âge et valeurs) et préférences. Par exemple : les logements pour résidents plus âgés; les logements pour personnes handicapées; les logements locatifs et de propriétaires-occupants; les logements pour nouveaux propriétaires et pour parents face au nid vide;*
b) *En s'assurant qu'au moins cinq pour cent des aménagements résidentiels effectués chaque année sont situés dans la zone bâtie;*

13. *Favoriser les éléments du paysage qui intègrent la nature aux quartiers et améliorent l'habitabilité;*
15. *Décourager les usages incompatibles;*
20. *Prévoir un aménagement compatible avec l'échelle et le caractère d'Alfred, Plantagenet et Wendover en limitant à un maximum de trois (3) étages la hauteur des logements à densité moyenne ou élevée.*

2.2.5 Politiques résidentielles

Les secteurs résidentiels sont définis dans le règlement de zonage municipal local. Le Conseil fait le zonage des terres pour des types particuliers d'usages résidentiels et s'assure que les usages non résidentiels permis font l'objet d'un zonage approprié. Si un plan secondaire s'applique, les secteurs désignés à des fins d'aménagement résidentiel sont identifiés à l'annexe cartographique requise.

Les usages suivants seront permis à l'intérieur du secteur des politiques résidentielles :

1. *Les usages résidentiels à faible densité;*
2. *Les entreprises à domicile assujetties à l'article 7.5.5;*
3. *Les usages résidentiels à densité moyenne;*
4. *Les usages résidentiels à densité élevée;*
5. *Les maisons de chambres et les pensions;*
6. *Les écoles, parcs et églises.*

2.2.9 Services d'eau et d'égout municipaux

L'aménagement n'est permis que lorsqu'il est confirmé que les services d'eau et d'égout municipaux disposent d'une capacité de réserve suffisante, conformément aux lignes directrices et règlements du ministère de l'Environnement.

3.4 Gestion de l'eau, des eaux usées et des eaux pluviales

3.*4.1 Dispositions générales*

2. *l'aménagement est généralement relié à des services d'eau et de traitement des eaux d'égout complets;*
3. *l'affectation de la capacité d'infrastructure à des fins d'aménagement intercalaire et de développement économique est encouragée;*
8. *la gestion des eaux pluviales sera requise pour tous les nouveaux aménagements dans Alfred, Plantagenet et Wendover, conformément aux*

lignes directrices élaborées par le ministère des Ressources naturelles, la Société d'aménagement de la Nation-Sud, le comté ou la municipalité.

RÈGLEMENT DE ZONAGE

La propriété sujette à la demande est actuellement zonée «Résidentielle de Moyenne Densité (R2)» dans le Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet.

L'article 8.1 du Règlement stipule que cette zone permet une maison d'habitation de type unifamilial, une maison d'habitation de type jumelé, une maison d'habitation de type duplex, un foyer de groupe, un pavillon-jardin (sujet à l'approbation d'un règlement d'usage temporaire) et un bâtiment ou une structure accessoire à un usage autorisé.

Afin de permettre l'usage proposé, soit un bâtiment d'habitation comptant neuf unités résidentielles, une modification au Règlement de zonage est requise. La zone "Résidentielle de Forte Densité (R3)", au chapitre 9 du Règlement, semble être la plus appropriée pour l'usage proposé puisque cette zone permet les usages suivants :

9.1 Usages autorisés

a) Usages résidentiels :

- *Une maison d'habitation de type unifamilial*
- *Une maison d'habitation de type jumelé*
- *Une maison d'habitation de type duplex*
- *Une maison d'habitation de type triplex*
- *Une maison d'habitation de type duplex jumelé*
- *Une maison d'habitation de type quadruplex*
- *Une maison d'habitation de type triplex jumelé*
- *Une maison d'habitation de type transformé*
- *Une maison d'habitation de type en rangée*
- *Une maison d'habitation de type duplex en rangée*
- *Une maison d'habitation de type appartement*
- *Un foyer de groupe*
- *Un groupe de maisons*
- *Une résidence pour personnes âgées (maison de retraite)*
- *Bâtiment ou structure accessoire à un usage autorisé*
- *Un pavillon-jardin (accessoire aux unités d'habitation de types unifamilial, jumelé et en rangée, sujet à l'approbation d'un règlement d'usage temporaire)*

b) Usages non-résidentiels :

- *Une occupation domestique*
- *Un usage public conformément aux dispositions du Chapitre 4 de ce règlement*

L'article 6.12 du Règlement stipule ce qui suit en ce qui concerne les dispositions qui s'appliquent à la construction d'une maison d'habitation de type appartement dans une zone R3:

6.12 Maison d'habitation de type appartement

Aucune personne ne devra utiliser un terrain ou ériger, modifier ou utiliser un bâtiment ou une structure pour les fins d'une maison d'habitation de type appartement sauf en conformité avec les dispositions suivantes:

Exigences de la zone	ZONES R3 et C2
a) Superficie minimum du lot/unité	La superficie minimum du lot sera la somme des superficies requises pour chaque type d'unité d'habitation proposée sur le lot, comme suit:

Cour avant (profondeur)	7.5 m
Cour arrière (profondeur)	10.5 m
Cour latérale intérieure (largeur)	3.0 m
Cour latérale extérieure (largeur)	3.5 m
d) Superficie plancher minimum par unité d'habitation	
Unité d'habitation de type garçonnière	37 m^2
Unité d'habitation – Une chambre à coucher	56 m^2
Unité d'habitation – Deux chambres à coucher	65 m^2
Unité d'habitation – Trois chambres à coucher	84 m^2
Unité d'habitation – Plus de trois chambres à coucher	84 m^2 + 9.0 m^2 pour chaque chambre à coucher additionnelle
e) Hauteur maximum du bâtiment	
Bâtiment principal	12.5 m
Bâtiment ou structure accessoire	5.0 m
f) Occupation au sol maximum	
Avec aqueduc et égout sanitaire municipaux	35%
Avec aqueduc municipal seulement	20%
Avec égout sanitaire municipal seulement	20%
Avec aqueduc et égout sanitaire privés	N/A
g) Superficie minimum d'espace libre paysagé	35%
h) Stationnement	Conformément aux dispositions du Chapitre 4 de ce règlement.

* ou tel que spécifié par l'étude hydrogéologique.

Une zone d'exception doit être créée afin de réduire la façade minimum requise du lot de 30.0 mètres à 20.0 mètres, la marge de recul minimum requise pour la cour avant de 7.5 mètres à 0.0 mètre et la marge de recul minimum requise pour la cour latérale intérieure nord de 3.0 mètres à 0.0 mètre.

COMMENTAIRES DES AGENCES

Le service d'urbanisme n'a reçu aucun commentaire de la part des agences avisées de cette demande.

COMMENTAIRES DU SERVICE

La réunion publique pour cet amendement a eu lieu le 6 août 2019. Aucun propriétaire foncier avisé de la réunion publique n'y était présent. Aucune soumission écrite n'a été déposée depuis la circulation de l'avis de la réunion publique.

La propriété concernée par cet amendement fait l'objet d'une demande d'approbation d'un plan d'implantation. Quelques documents sont requis tels qu'un plan de site, un plan des services, un plan des élévations et du drainage, etc. La firme d'ingénierie mandatée par le propriétaire a déjà entamé les démarches.

Le développement résidentiel proposé est conforme à toutes les politiques pertinentes contenues dans la Déclaration de principes provinciale, le Plan officiel des Comtés unis de Prescott et Russell ainsi que le Plan officiel des aires urbaines du Canton d'Alfred et Plantagenet. Il s'agit d'un bel exemple de densification. L'aménagement proposé utilise de façon efficiente les infrastructures déjà en place, sans qu'il soit nécessaire de les modifier ou de les prolonger. Également, le projet permet de diversifier les formes de logements offerts à Plantagenet afin de répondre aux divers besoins de la population.

RECOMMANDATION DU SERVICE

Le service recommande au Conseil municipal d'approuver la demande de modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet, dossier ZON-7-2019, soumise par Monsieur Paul Black, urbaniste pour la firme Fotenn Planning + Design et agent pour le propriétaire, Monsieur Marco Tascona, affectant la propriété située au 234-244 rue Alfred à Plantagenet, décrite comme étant une partie du Lot 5 du côté est de la rue Main et une partie des Lots 4 et 5 du côté ouest de la rue Alfred, Plan enregistré No. 6 de l'ancien Village de Plantagenet. Elle a pour but de changer la catégorie de zonage de la propriété de la zone «Résidentielle de Moyenne Densité (R2)» à la zone «Résidentielle de Forte Densité – Exception 24 (R3-24)». La catégorie de zonage «R3-24» permettra de légitimer un immeuble de 9 appartements sur la propriété. La modification permettra également la réduction de la façade minimum requise du lot ainsi que les marges de recul minimums requises pour la cour avant et la cour latérale intérieure nord.

RAPPORT DU SERVICE DE L'URBANISME

Demande de modification au Règlement de zonage No. 2009-50
du Canton d'Alfred et Plantagenet
par Luc Alarie et Micheline Bégin

RAPPORT NO.: URB-26-2019 **DATE: le 3 septembre 2019**

INTRODUCTION

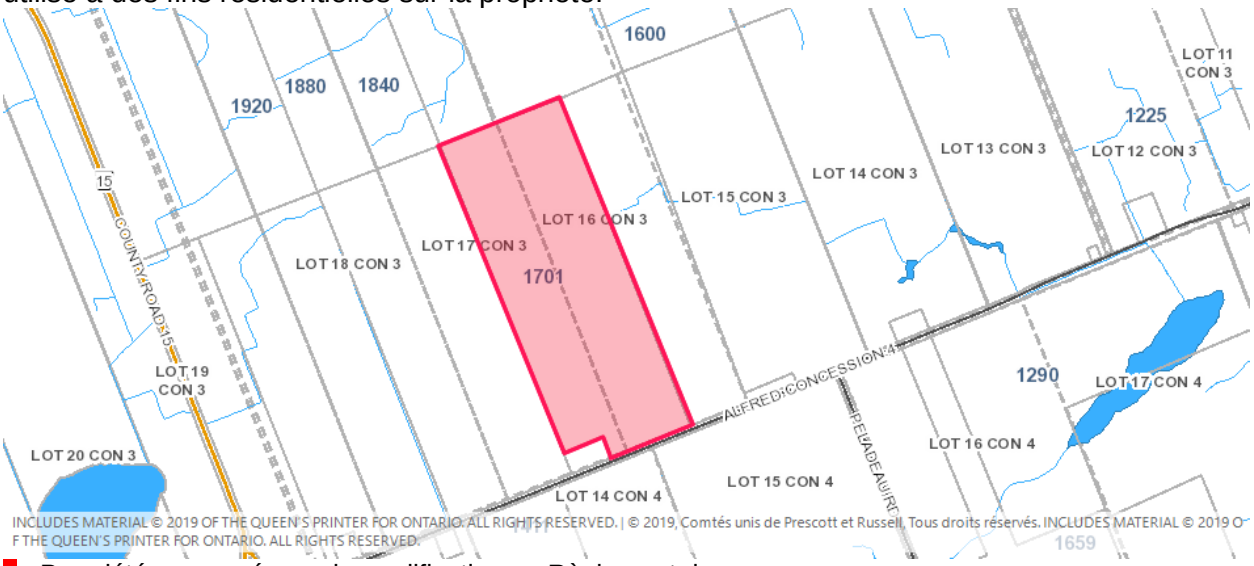

Ce rapport consiste à présenter une demande de modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet soumise par Monsieur André P. Barrette, arpenteur et agent pour les propriétaires, Monsieur Luc Alarie et Madame Micheline Bégin.

La propriété concernée par cet amendement fait présentement l'objet d'une demande d'approbation pour une autorisation en vertu de la *Loi sur l'aménagement du territoire*, dossier B-022-2019. Cette demande a pour but de permettre la création d'un nouveau lot résidentiel, suite à une consolidation de fermes – lot de surplus.

NATURE DE LA DEMANDE

La demande de modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet, dossier ZON-8-2019, affecte la propriété située au 1701 Concession 4 – Alfred à Alfred, décrite comme étant une partie des Lots 16 et 17, Concession 3 de l'ancien Canton d'Alfred.

La modification au Règlement de zonage a pour but de changer la catégorie de zonage d'une partie de la propriété, identifiée sur le croquis ci-bas, de la zone «Agricole (A)» à la zone «Agricole – Exception 1 (A-1)». La catégorie de zonage «A-1» interdira la construction de tout bâtiment utilisé à des fins résidentielles sur la propriété.

Propriété concernée par la modification au Règlement de zonage

CONTEXTE LÉGAL

DÉCLARATION DE PRINCIPES PROVINCIALE 2014 (DPP)

La DPP stipule ce qui suit:

2.3.4.1 La création de lots dans les zones agricoles à fort rendement n'est pas encouragée et est permise seulement pour ce qui suit:

a) des utilisations agricoles, à condition que les dimensions des lots conviennent aux types d'utilisations agricoles courantes dans la zone et que les lots soient suffisamment grands pour se prêter aux changements éventuels du type ou de dimensions des exploitations agricoles;

c) la résidence excédentaire d'une exploitation agricole par suite du fusionnement d'exploitations agricoles, à condition que :

1. les lots soient limités aux dimensions minimales nécessaires pour permettre l'utilisation et des services d'égout et d'approvisionnement en eau suffisants;

2. l'office d'aménagement fasse en sorte que l'établissement de tout nouveau logement soit interdit sur la parcelle de terre agricole qui reste et qui a été créée par la séparation. La méthode à suivre à cet égard peut être recommandée par la province ou fondée sur des méthodes municipales visant les mêmes objectifs;

PLAN OFFICIEL DES COMTÉS UNIS DE PRESCOTT ET RUSSELL – 2015

La propriété sujette à la demande de modification est inscrite sous l'affectation «Secteur des Politiques des Ressources Agricoles» à l'annexe «A» du Plan officiel des Comtés unis.

Le Plan officiel stipule ce qui suit :

7.4.2.3.1 Farm Consents

Farm lot size shall be maintained as large as practical and farm consents to land severance shall only be considered where the Consent Approval Authority is satisfied that the lots be:

1. of a size appropriate for the type of agricultural uses common in the area; within the United Counties of Prescott and Russell, both the severance and retained parcels shall be generally 40 hectares in size, and;

2. sufficiently large enough to maintain flexibility for future changes in the type or size of agricultural operations;

3. the proposed consent does not create or promote inappropriate agricultural land fragmentation;

4. *the farm buildings either existing or proposed will be sufficiently separated from buildings on adjacent lots to comply with the Minimum Distance Separation Formulae II as amended from time to time.*

7.4.2.3.2 Surplus Residential Consents

Surplus residential consents may be considered for a farm dwelling made surplus to a farming operation as a result of farm consolidation. Farm consolidation means the acquisition of additional farm parcels to be operated as one farm operation. Final approval of a consent shall require that the new residential dwellings are prohibited on any vacant remnant parcel of farmland created by the severance. The Consent Approval Authority shall impose a condition on the severance of the surplus farm dwelling which shall require a Zoning By-law amendment prohibiting the construction of a new residential dwelling on the farmland parcel rendered vacant as a result of the severance.

RÈGLEMENT DE ZONAGE

La propriété sujette à la présente demande est actuellement zonée «Agricole (A)» dans le Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet.

L'article 22.2 a) du Règlement fixe la superficie minimum d'un lot destiné à des fins agricoles, en zone agricole, à 30.0 hectares et la façade minimum à 60.0 mètres. Le lot détaché (A) s'avère conforme à ces dispositions.

Le zonage actuel permet que la propriété soit utilisée pour des fins résidentielles. Afin d'être conforme aux politiques contenues dans la Déclaration de principes provinciale de 2014, une modification au Règlement de zonage est nécessaire pour interdire la construction de tout bâtiment résidentiel sur le lot détaché (A). L'intention de ces politiques est de limiter la perte de terre (superficie) agricole et d'éviter de créer des situations incompatibles entre les usages résidentiels et les usages agricoles.

COMMENTAIRES DES AGENCES

Le service d'urbanisme n'a reçu aucun commentaire de la part des agences avisées de cette demande.

COMMENTAIRES DU SERVICE

La réunion publique pour cet amendement a eu lieu le 6 août 2019. Aucun propriétaire foncier avisé de la réunion publique n'y était présent. Aucune soumission écrite n'a été déposée depuis la circulation de l'avis de la réunion publique.

Les commentaires des autres services municipaux n'ont pas été demandés puisque la présente demande de modification au Règlement de zonage est l'une des conditions imposées pour la demande d'approbation pour une autorisation en vertu de la *Loi sur l'aménagement du territoire*, dossier B-022-2019.

BY-LAW NO. 2019-72

Being a By-law to amend Zoning By-law No. 2009-50, as amended.

WHEREAS the Zoning By-law No. 2009-50 regulates the uses of land, the use and erection of buildings and structures within the Township of Alfred and Plantagenet;

WHEREAS an application has been received to change the zoning of a certain parcel of land in the Township of Alfred and Plantagenet;

AND WHEREAS the Council of the Corporation of the Township of Alfred and Plantagenet considers appropriate to amend the Zoning By-law No. 2009-50, as described;

NOW THEREFORE the Council of the Corporation of the Township of Alfred and Plantagenet enacts as follows:

1. The property affected by this By-law is situated at 234-244 Alfred Street in Plantagenet, described as being a part of Lot 5 on the East side of Main Street and a part of Lots 4 and 5 on the West side of Alfred Street, Registered Plan No. 6 of the former Village of Plantagenet, as shown on schedule "A" attached hereto and forming part of this By-law.

2. Section 9.3 of the Zoning By-law No. 2009-50 is hereby amended by inserting the following new subsection:

   (xxiv) R3-24 Part of Lot 5 on the East side of Main and a part of Lots 4 and 5 on the West side of Alfred Street, Registered Plan No. 6 of the former Village of Plantagenet
   (0231 040 001 22800)

   Notwithstanding the provisions of Section 9 of this By-law, a building of 9 apartments, the reduction of the required minimum lot frontage from 30.0 metres to 20.0 metres, the reduction of the minimum required front yard setback from 7.5 metres to 0.0 metre as well as the reduction of the minimum required North interior side yard setback from 3.0 metres to 0.0 metre are permitted on the land zoned R3-24 on schedule "A" of this By-law.

3. The schedule "C" of the Zoning By-law No. 2009-50, as amended, is hereby further amended by changing, from the "Medium Density Residential (R2)" zone to the "High Density Residential – Exception 24 (R3-24)" zone, the symbol of the land indicated "ZONE CHANGE TO R3-24" on the schedule "A" attached hereto made fully part of this By-law.

4. Subject to the giving of the notice of the passing of this By-law, in accordance with Section 34(18) of the *Planning Act*, R.S.O. 1990 as amended, this By-law shall come into force on the date of its passing by the Council of the Corporation of the Township of Alfred and Plantagenet, subject to the approbation of the Local Planning Appeal Tribunal or where no notice of appeal or objection is received by the deadline, pursuant to Section 34(21) of the *Planning Act*, R.S.O. 1990 as amended.

RÈGLEMENT NO. 2019-72

Règlement pour amender le Règlement de zonage No. 2009-50, tel qu'amendé**.**

ATTENDU QUE le Règlement de zonage No. 2009-50 réglemente l'utilisation des terrains, la construction et l'utilisation des bâtiments et structures sur le territoire du Canton d'Alfred et Plantagenet;

ATTENDU QU'UNE demande a été déposée en vue de changer le zonage d'un certain terrain dans le Canton d'Alfred et Plantagenet;

ATTENDU QUE le Conseil de la Corporation du Canton d'Alfred et Plantagenet estime qu'il est opportun d'amender le Règlement de zonage No. 2009-50 tel qui suit;

EN CONSÉQUENCE le Conseil de la Corporation du Canton d'Alfred et Plantagenet donne force de loi à ce qui suit:

1. La propriété affectée par ce Règlement est située au 234-244 rue Alfred à Plantagenet, décrite comme étant une partie du Lot 5 du côté est de la rue Main et une partie des Lots 4 et 5 du côté ouest de la rue Alfred, Plan enregistré No. 6 de l'ancien Village de Plantagenet, telle qu'identifiée dans la cédule «A» ci-jointe et faisant partie du présent Règlement.

2. L'Article 9.3 du Règlement de zonage No. 2009-50 est par la présente amendé en ajoutant le sous-article suivant :

   (xxiv) R3-24 Partie du Lot 5 du côté est de la rue Main et une partie des Lots 4 et 5 du côté ouest de la rue Alfred, Plan enregistré No. 6 de l'ancien Village de Plantagenet
   (0231 040 001 22800)

   Nonobstant toute disposition de l'Article 9 du présent Règlement, un immeuble de 9 appartements, la réduction de la façade minimum requise du lot de 30.0 mètres à 20.0 mètres, la réduction de la marge de recul minimum requise pour la cour avant de 7.5 mètres à 0.0 mètre ainsi que la réduction de la marge de recul minimum requise pour la cour latérale intérieure nord de 3.0 mètres à 0.0 mètre sont permis sur le terrain zoné R3-24 sur la cédule «A» du présent Règlement.

3. La cédule «C» du Règlement de zonage No. 2009-50, telle qu'amendée, est par la présente à nouveau amendée en changeant, de la zone «Résidentielle de Moyenne Densité (R2)» à la zone «Résidentielle de Forte Densité – Exception 24 (R3-24)», le symbole de la propriété indiquée «CHANGEMENT DE ZONE À R3-24» apparaissant sur la cédule «A» ci-jointe, qui fait partie de ce Règlement.

4. Sujet à l'avis d'adoption de ce Règlement conformément aux dispositions de l'Article 34(18) de la *Loi sur l'Aménagement du territoire*, L.R.O. 1990 telle qu'amendée, le présent Règlement entrera en vigueur à la date de son adoption par le Conseil de la Corporation du Canton d'Alfred et Plantagenet, sous réserve de l'approbation du Tribunal d'appel de l'aménagement local ou lorsqu'aucun avis d'appel ou d'opposition n'est reçu par la date limite, conformément à l'Article 34 (21) de la *Loi sur l'Aménagement du territoire*, L.R.O. 1990 telle qu'amendée.

NOTE EXPLICATIVE

La présente modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet concerne la propriété affectée par ce Règlement est située au 234-244 rue Alfred à Plantagenet, décrite comme étant une partie du Lot 5 du côté est de la rue Main et une partie des Lots 4 et 5 du côté ouest de la rue Alfred, Plan enregistré No. 6 de l'ancien Village de Plantagenet.

La modification proposée a pour but de changer la catégorie de zonage de la propriété, identifiée sur le croquis ci-joint, de la zone «Résidentielle de Moyenne Densité (R2)» à la zone «Résidentielle de Forte Densité – Exception 24 (R3-24)». La catégorie de zonage «R3-24» permet un immeuble de 9 appartements, la réduction de la façade minimum requise du lot de 30.0 mètres à 20.0 mètres, la réduction de la marge de recul minimum requise pour la cour avant de 7.5 mètres à 0.0 mètre ainsi que la réduction de la marge de recul minimum requise pour la cour latérale intérieure nord de 3.0 mètres à 0.0 mètre.

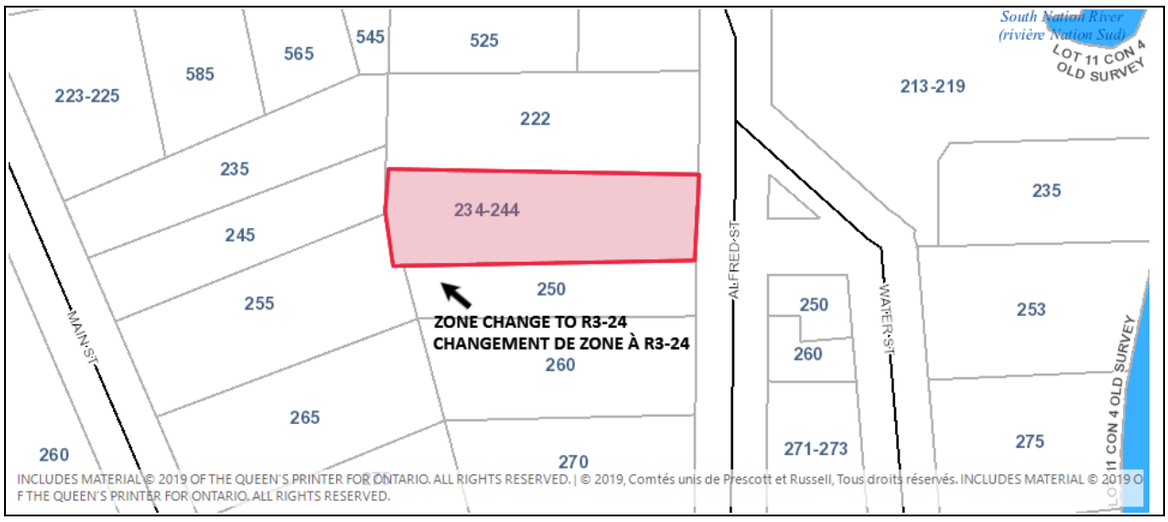

Une entente de plan d'implantation est exigée pour la concrétisation de ce projet.

EXPLANATORY NOTE

The present amendment to the Zoning By-law No. 2009-50 of the Township of Alfred and Plantagenet concerns the property situated at 234-244 Alfred Street in Plantagenet, described as being a part of Lot 5 on the East side of Main Street and a part of Lots 4 and 5 on the West side of Alfred Street, Registered Plan No. 6 of the former Village of Plantagenet.

The purpose of the proposed amendment is to change the zoning category of the property, identified on the sketch included herewith, from the "Medium Density Residential (R2)" zone to the "High Density Residential – Exception 24 (R3-24)" zone. The zoning category "R3-24" allows a building of 9 apartments, the reduction of the required minimum lot frontage from 30.0 metres to 20.0 metres, the reduction of the minimum required front yard setback from 7.5 metres to 0.0 metre as well as the reduction of the minimum required North interior side yard setback from 3.0 metres to 0.0 metre.

A site plan agreement is required for the realization of this project.

NOTE EXPLICATIVE

La présente modification au Règlement de zonage No. 2009-50 du Canton d'Alfred et Plantagenet concerne la propriété située au 1701 Concession 4 – Alfred à Alfred, décrite comme étant une partie des Lots 16 et 17, Concession 3 de l'ancien Canton d'Alfred.

La modification proposée a pour but de changer la catégorie de zonage d'une partie de la propriété, identifiée sur le croquis ci-joint, de la zone «Agricole (A)» à la zone «Agricole – Exception 1 (A-1)». La catégorie de zonage «A-1» interdit la construction de tout bâtiment utilisé à des fins résidentielles sur la propriété.

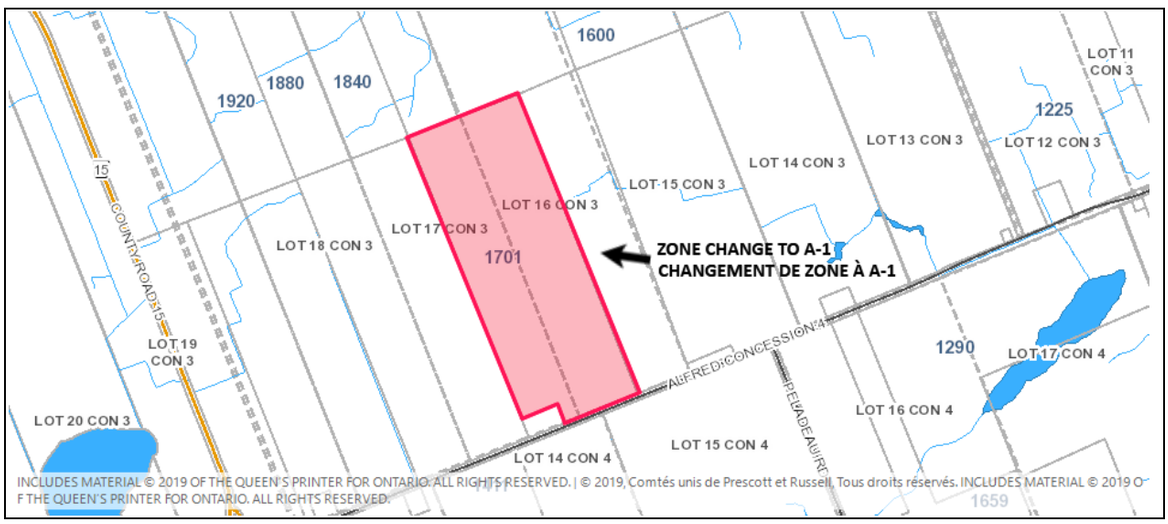

La propriété concernée par cette modification au Règlement de zonage fait présentement l'objet d'une demande d'approbation pour une autorisation en vertu de la *Loi sur l'aménagement du territoire*, dossier B-022-2019. Cette demande a pour but de permettre la création d'un nouveau lot résidentiel, suite à une consolidation de fermes – lot de surplus.

EXPLANATORY NOTE

The present amendment to the Zoning By-law No. 2009-50 of the Township of Alfred and Plantagenet concerns the property situated at 1701 Concession 4 – Alfred in Alfred, described as being a part of Lots 16 and 17, Concession 3 of the former Township of Alfred.

The purpose of the proposed amendment is to change the zoning category of a part of the property, identified on the sketch included herewith, from the "Agricultural (A)" zone to the "Agricultural – Exception 1 (A-1)" zone. The zoning category "A-1" prohibits the construction of any building used for residential purposes on the property.

The property concerned by this Zoning By-law amendment is presently the subject of an application for a consent approval under the *Planning Act*, file B-022-2019. This application is for the purpose of allowing the creation of a new residential lot, resulting of a farm consolidation – surplus lot.

Réponses de Sustane Technologies aux questions posées par la municipalité.

How much water is used per day and what is the quality of the water that comes out at the end?

We run a closed loop system, so the amount of water we use is negligible. We recycle the water used in the cooking process as well as in the float tanks (part of the plastic separation process).

Is there a sufficient market for the fuel pellets, etc., to support more than the already existing plant?

We feel that there is a strong market for the biomass pellets in close proximity to Prescott Russell. We will need to do additional investigating to confirm this, as well as explore the options for potential of takers for our #2 diesel product.

Can the eventual profits feed back to some extent into the cost to municipalities of collecting waste? To the extent that the UCPR is collecting Sustane's raw materials and paying for their disposal, it would be good if the community in which the plant operates benefited.

We are amenable to discussing the potential benefits of being a community that hosts a Sustane plant.

What would the tipping fees be per tonne?

The tipping fees are negotiated with each market, but typically are less than the current cost of landfilling. We are more likely to set up in areas that have tipping fees that are in a range that make economic sense to build a business.

What materials will not be accepted (e.g. fridge, tires, car pieces, dangerous products)?

We do not accept Construction and Demolition (C&D) waste, hazardous waste, tires or large appliances. We do accept regular household or commercial garbage (MSW).

The 10% of waste left after the process will be brought to a landfill? Which one will it be?

We have not yet determined to which landfill we would take the 10% residual.

What happens to the water after use? If this is 90% efficient, what is the other 10% made of? And where does it go?

The water is recycled. A small portion also evaporates during the cooking and cleaning processes.

Plantagenet, ON K0B 1L0

Dear Stephane Sarrazin,

The 2019 federal election is fast approaching, bringing public discussion and debates on many issues affecting the public and all municipalities.

When the Liberal government led the latest public review on the future of Canada Post, several municipalities became actively involved in the process. As a result, the government decided to maintain door-to-door delivery and immediately stop the rollout of community mailboxes.

However, there is nothing to stop a new government from bringing those plans, and other service cuts, back into play. Further, Canada Post's indifference towards climate change may have direct repercussions on all Canadians.

Did you know Canada Post has the largest public fleet of vehicles in the country, with over 13,000 vehicles travelling over 96 million kilometres yearly?

In the run-up to the federal election, we urge you to question the political parties on their intentions for Canada Post, and insist they make clear, public commitments regarding the following issues:

- Establishing postal banking to offset the loss of financial services in many communities;
- Creating an ambitious climate change action plan for Canada Post;
- Maintaining door-to-door mail delivery;
- Preserving our universal and public postal service;
- Maintaining rural post offices.

Letter of Invitation to Cybercrime Info Session

August 12th, 2019

Dear Invitee,

Russell County OPP and the OPP Digital Forensics Unit in partnership with The Nation Municipality would like to invite you to a Cybercrime information session.

Registration will start at 8:30am and the session will commence at 9:00am on October 1st at the St. Isidore Community Center located at 20 De L'Arena Street in St. Isidore. Speakers from the OPP, the RCMP and The Nation Municipality will present on the topic and the session will last approximately 3hrs.

The information session is being offered to all stakeholders in the area to help you prepare for potential cyber-attacks as a result of incidents reported in our area and across the province.

We extend this offer to you and anyone you believe should attend the event from your organization in hopes of broadening your knowledge base.

I hope that you will be able to join us. Please respond via email to Shaun.Cameron@opp.ca to confirm the attendance of your respectful employees or members. If you have any questions, please do not hesitate to contact me at the email address listed above or at 613-443-4499.

AMO Matters

Anne M. Johnston, former City of Toronto Councillor (1972-1985; 1988-2003) and former AMO Board member, passed away. Anne's career in municipal politics began in 1972 - she left politics in 2003 but not before endearing herself to others outside of Toronto and working to understand other's perspectives. Johnston helped promote more accessible public spaces by spending a week in a wheelchair and trying to make her way around city hall, as well as being a seniors advocate. She will be missed.

Provincial Matters

OMAFRA has launched a new intake of the Rural Economic Development (RED) Program and is accepting applications from July 29 - September 9, 2019. For the Economic Diversification and Competitiveness Stream, projects can receive up to 50% of eligible project costs to a maximum of $150,000. For the Strategic Economic Infrastructure Stream, projects can receive up to 30% of eligible project costs to a maximum of $250,000. Guidelines and application forms are available here.

On July 29, the Ministry of the Solicitor General announced that new *Fire Protection and Prevention Act* and Fire Code changes are in effect.

The Ministry of Francophone Affairs would like to remind Francophone organizations and businesses that the application period for the Francophone Community Grants Program will run until August 19, 2019.

Federal Matters

FCM's Toward Parity in Municipal Politics program is looking for local initiatives that will look to strengthen opportunities or reduce barriers for women to fully participate in municipal politics/local government. Projects are eligible for up to $5000 in funding. Applications must be led by an FCM member (municipal or local government) or affiliate member such as a provincial or territorial

association. Submission deadline - August 15, 2019.

The draft new Canada-Ontario Agreement is available for comment on Ontario's Environmental Registry and on Canada.ca until September 4, 2019.

Special Advisor's Report on Blue Box Transition Released

The Ministry of the Environment, Conservation and Parks has posted the final report on the Blue Box mediation process. The report was authored by Mr. David Lindsay, Special Advisor on Recycling and Plastic Waste. The link to the report can be found here.

The Special Advisor was engaged by the Province on July 7, 2019, to provide advice on how to tackle plastic waste and litter, improve recycling, increase products that can go into the Blue Box, and ensure producers are fully responsible for managing plastic and other packaging at end-of-life.

AMO participated fully in the mediation process on behalf of members. During the process there was a growing alignment amongst all stakeholders on the compelling need to change the Blue Box program, and how transition of the Blue Box to full producer responsibility could be best implemented.

The report recommends a six-year transition of the Blue Box program to full producer responsibility (i.e. the Minister provides direction in 2019, a timeline of 12-18 months for regulation development (2019-2020), a two-year preparation process (2021-2022), and a three-year transition for all municipal programs (2023-2025)).

The recommendations within the report, which will inform the Minister's next steps, are generally aligned with municipal positions. It is important to highlight that there will be many more opportunities for stakeholder and public input going forward.

These changes are needed as the current Blue Box system is not working well. Municipal governments have been advocating for this transition because our waste systems are not well positioned to respond to the rapidly changing composition of products and packaging, the necessary investments in collection and processing infrastructure, and the demands of end markets.

Producers can best reduce waste, increase the resources that are recovered and reincorporated into the economy, and enable a consistent province-wide system that makes recycling easier and more accessible.

AMO is encouraged by the progress made to date by the government on this file. All stakeholders understand the compelling need for timely action on waste diversion and appear increasingly aligned on the necessary next steps. With global momentum building to reduce waste, increase diversion and improve recycling, transitioning the Blue Box program is an opportunity for Ontario to show commitment and leadership.

As we wait for an announcement on the Blue Box program, we are hopeful that the plan that is ultimately put forward by the Province incorporates municipal advice and allows for adequate time and certainty for all stakeholders to plan and collaborate successfully.

Ontario Releases Remainder of Municipal Cannabis Funding

Ontario's Minister of Finance, the Honourable Rod Phillips will soon release the final $6.74 million in funds for cannabis legalization to municipal governments. The Minister has written today to Heads of Council of eligible municipal governments and further information on allocations will be provided by the Ministry soon. AMO understands that the funding will be allocated as previously determined based on municipal decisions to allow retail cannabis sales. It is appreciated that the full $40 million base funding for municipal governments will be disbursed shortly, fulfilling a major part of Ontario's approach to sharing cannabis revenues.

The Ontario Cannabis Legalization Implementation Fund (OCLIF) provides $40 million over two years to help municipalities deal with cannabis legalization implementation in their communities and ensure that municipal budgets are not unduly pressured by these activities. OCLIF provides support to municipal governments through up-front funding for items such as enforcement, education and training, front line service demands and other incremental costs of legal recreational cannabis in communities.

OCLIF Distribution Model:

- OCLIF was distributed in two tranches:
  - The first $5,000 prior to municipal governments deciding to allow cannabis retail
  - A second $5,000 OR per household funding if greater than $5,000 if cannabis retail is allowed

- $10 million of the $40 million was held back by the province to deal with any unforeseen circumstances arising from implementation of legalization.

- If the provincial share of the federal cannabis excise tax exceeds $100 million over the two year federal-provincial agreement, the province will share any

surplus 50/50 with municipal governments that allow cannabis retail in their communities.

Today's Minister's letter deals with the remainder of the $10 million holdback of the OCLIF funds. AMO understands that the provincial government provided $3.06 million of the held-back funds to the Ontario Provincial Police to aid with cannabis enforcement coordination. AMO expects this OPP funding to help manage any demands for increase to municipal billing from the force for community policing as it has been combined with provincial support for police training. AMO also understands that the City of Toronto has received $200,000 out of the reserve to help with demand for increased enforcement of illegal cannabis retail outlets after legalization.

With the distribution of this final $6.74 million in funding to municipalities, municipal governments can now focus on the amount of Ontario revenue from the federal excise tax for cannabis in the period. As noted, if revenues exceed $100 million over the first two years of legalization surplus funds will be available for distribution to municipal governments that allowed retail. Minister Phillips' letter notes that the provincial government will connect with AMO in 2020 when more information on the federal cannabis excise tax take for the first two years of legalization is known.

As recreational cannabis implementation enters a new and more established phase, AMO is looking forward to working closely with the province on the next federal-provincial cannabis excise tax revenue agreement to represent municipal interests and ensure consideration of long-term revenue sharing opportunities for our members.

Fixing the Housing Affordability Crisis: Municipal Recommendations for Housing in Ontario

Today, AMO released "Fixing the Housing Affordability Crisis: Municipal Recommendations for Housing in Ontario".

Addressing the housing affordability crisis facing our residents throughout Ontario is a key priority for AMO and municipal governments. It is also a priority for the federal and provincial governments. While recent provincial and federal initiatives on housing reflect an interest in tackling these challenges together, AMO has a number of recommendations that focus on outstanding issues that need to be addressed.

Municipal governments are ready to continue working with the provincial and federal orders of government and our non-profit, co-operative, and private sector partners. Our focus is on finding solutions to the housing affordability crisis that make sense for everyday families, local communities and property taxpayers, while focusing especially on housing solutions that will help those most in need.

AMO's housing paper provides ideas aimed at doing just that. It consolidates AMO's outstanding housing recommendations and also provides advice to the federal and provincial governments to make sure the housing initiatives underway make a meaningful difference for those in housing need.

To do so, the paper focuses on five key areas:

- Increasing the Supply of Affordable Housing for Families
- Creating a Financially Stable Model for Community Housing
- Expanding Affordable Housing Options
- Ending Homelessness; and
- Supporting People with their Health Care Needs for Successful Tenancies.

"Fixing the Housing Affordability Crisis: Municipal Recommendations for Housing in Ontario" will guide our work as we continue to engage with our partners in housing in the time ahead.

The paper is a product of the hard work of AMO's Housing and Homelessness Task Force with collaboration from the Planning Task Force. We also thank our partners from the Ministry of Municipal Affairs and Housing, the Ontario Municipal Social Service Association, the

Northern Ontario Service Deliverer's Association, the Ontario Non-Profit Housing Association, the Cooperative Housing Federation of Canada – Ontario Region, the Ontario Federation of Indigenous Friendship Centres, and the Housing Services Corporation for their input and advice over the years.

AMO Matters
AMO is pleased to announce the appointment of Brian Rosborough as Executive Director of AMO, effective September 1, 2019. Brian's career in public policy and public administration in Ontario spans 28 years. Prior to returning to AMO in 2018 as Director of AMO's Membership Centre, Brian served as the Senior Executive Officer of Wilfrid Laurier University's Brantford Campus, was a government relations consultant and held various positions in the Ontario Public Sector during his career.

The Workplace Safety and Insurance Board (WSIB) has created a mental stress injury claim guide for municipal employers. This was informed by an AMO working group of senior municipal human resources specialists and OAPC, OAFC, and OAPC representatives.

"Fixing the Housing Affordability Crisis: Municipal Recommendations for Housing in Ontario" consolidates AMO's outstanding recommendations to address housing instability. It will guide future

municipal advocacy on provincial and federal housing initiatives.

AMO is pleased to launch our new Youth Engagement Initiative at this year's Annual Conference. Following the launch, please join other young council members from across Ontario for socializing and networking.

Highlight your municipality's hard work and address matters that concern your community by encouraging your local media to cover the 2019 AMO Conference. Click here for AMO's template media advisory and social media posts.

The Province Announces Important Next Steps on Blue Box Program

As you've likely heard, yesterday, the Honourable Jeff Yurek, Minister of the Environment, Conservation and Parks, and the Honourable Steve Clark, Minister of Municipal Affairs and Housing, announced a plan to transition the management of Ontario's Blue Box Program to producers of plastic and other packaging.

The Province has directed Stewardship Ontario and the Resource Productivity and Recovery Authority to gradually transition the program (from 2023 to 2025). The timeline is meant to ensure a seamless and orderly transition.

For more details, the provincial announcement can be found here.

AMO provided remarks at the announcement, and put out a news release commending the Province on taking this important action to improve recycling in Ontario.

Municipal governments have been advocating for this shift for more than a decade. This is an important achievement for municipal governments, as the transition to full producer responsibility places the responsibility for recycling on those that have the greatest ability to make change – the producers.

Starting in the fall, the Ministry will be consulting on the development of regulations to support the new producer responsibility framework. As staff head to the AMO Conference, we will be working with the Province to determine next steps and will report back in September.

Things you need to know coming from the AMO Conference

Provincial Announcements affecting municipal governments:

Child Care:

- Previously announced changes to implement an 80-20 provincial municipal cost-sharing for child care expansion starting in 2020 will now be phased-in over a three-year period.

Public Health:

- The cost sharing arrangement in 2020 will be at 70-30 provincial-municipal split and those public health units already contributing 30% or more will not be impacted. Those that are impacted will see one-time transitional funding.
- In the first year, no public health unit will experience an increase over 10 per cent of current public health costs as a result of this cost-sharing change.
- The Ministry will soon launch renewed consultation on the province's proposed larger regional public health structure approach, recognizing it "inspired widespread and spirited discussion". The consultation will see a discussion paper available, it will ensure enough time is provided and it will be supported by an expert advisor. AMO will keep members posted on these next steps.

Paramedic Services:

- Paramedic services will receive a 4% increase in 2019.
- A further increase in 2020 can be expected, subject to the next provincial budget.
- Funding letters have been sent to EMS services informing them of the new allocation.
- Consultation on paramedic services restructuring is also to be done by the expert advisor.

Ontario Municipal Partnership Fund (OMPF):

- There will be no changes to the structure of the 2020 Ontario Municipal Partnership Fund and the allocations will come in time to provide municipal governments with greater certainty for their 2020 budget work.

Social Assistance funding:

- There will be no changes for 2020 to the Ontario Budget's planned Ontario Works program administration funding.

Infrastructure:

- On September 3, 2019, the province is opening up the Community, Culture and Recreation Stream under the Investing in Canada Infrastructure Program for projects such as community centres, sports arenas and cultural centres. Watch for this announcement.
- The province (Infrastructure and Transportation) will work with AMO as they review the Ontario Community Infrastructure Fund (OCIF) and the Ontario Gas Tax for Transit.

Conservation Authorities:

- Conservation Authorities received letters on August 16th from the Ministry of Environment, Conservation and Parks regarding direction on expected CA core business. This raises questions on what happens to non-core activities. AMO will look at this and other implications of the province's plans.

Federal Gas Tax program:

- In July, AMO distributed $970 million in gas tax funds. It included $650 million in top-up funding along with the first installment of the existing 2019 allocation.
- The remainder of the 2019 allocation will be distributed in November. That payment will be supplemented with an additional $12 million in funding generated through efficiencies in the administration of the program.

Recent AMO work of interest to members:

Community Benefit Charges (CBC) - Submission:

- The AMO Board endorsed the Municipal Financial Officers Association detailed submission on this new tool which allows for the collection of fees on soft services needed as generated by development. Community facilities, and parks for example are no longer eligible for Development Charges fees. DCs are restricted to hard services which now includes waste and ambulance. Both tools come with additional conditions and reporting requirements. A panel discussion occurred at the conference on Wednesday and can be viewed here.
- Minister Clark continues to state his commitment to ensuring that growth continues to pay for growth. It is a key principle of importance to the successful financing of the public services which support new housing and development.

Housing:

- AMO has released "Fixing the Housing Affordability Crisis: Municipal Recommendations for Housing in Ontario." The paper consolidates AMO's outstanding recommendations to address housing affordability and will guide future advocacy on federal and provincial housing initiatives.

Looking at Property Assessment:

- AMO has developed an interactive map to show how the property tax burden has shifted over time in every Ontario municipality. Check out our tax map!
- This is some preliminary work on investigating the impact that the disruptive economy may bring to the market value assessment and tax equation. The conference had four speakers on topics related to the disruptive economy and property assessment. All are on AMO's website. Look for plenary hall speakers on Monday and Tuesday.

Watch what happens when you align your team

By Hank Boyer

On a crisp late September morning, as I stood on the bank of the Schuylkill River just outside downtown Philadelphia, I witnessed a tremendous lesson on alignment. An eight-person rowing team was practicing for an upcoming race and one of the oarsmen was having difficulty staying in sync with the other seven rowers. Principles of alignment are true in business and almost every other human activity. Failure to properly align means missed goals, wasted time and resources and a less-than-optimal working environment. Results range from poor to good, but never great. **READ MORE**

Kitchener mayor: Municipalities willing to work collaboratively to meet province's fiscal needs

CBC News

Ontario municipalities want to work with the province when it comes to cutting budgets, but it can't come at the cost of hurting vulnerable people, Kitchener's mayor says. Municipal leaders are in Ottawa for the Association of Municipalities of Ontario's annual conference to talk about various issues impacting their communities. As part of that, they'll be sitting down with provincial ministers to work through some of those issues. **READ MORE**

Ontario will shift Blue Box program costs to waste producers

Toronto Star

Ontario municipalities are welcoming a provincial plan to shift responsibility for blue-box recycling to companies that produce packaging and other waste, but some environmentalists are skeptical. Environment Minister Jeff Yurek said that starting in 2023, one year after the next provincial election, waste producers will start funding and operating some of Ontario’s 240 municipal blue-box programs, with province-wide implementation by the end of 2025. **READ MORE**
